October 8, 2026, Student Success Standing Committee Comments Received between Tuesday, October 6th and Friday, October 9th Submitted via Written Comments Form

1	Board of Education. Please consider reopening the IB Primary Years Program (PYP) process for CPS schools to allow K-5 students to receive IB programming. Specifically, consider opening this application process for Belding Elementary. Belding currently is an IP Middle Years Program school. I am a Belding parent and LSC member. My daughter is just starting the Middle Year Program and it is clear that the IB program pushes rigor that all students should receive.
